

Summerfield Primary School - Design Technology

Skills and Techniques Progression across KS1 and KS2

Across KS1 pupils should	follow procedures for safety and hygiene
	use a range of materials and components, including construction materials and kits, textiles, food ingredients and mechanical components
	measure, mark out, cut and shape materials and components
	assemble, join and combine materials and components
	use finishing techniques, including those from art and design
Across KS2 pupils should	follow procedures for safety and hygiene
	use a wider range of materials and components than KS1 , including construction materials and kits, textiles, food ingredients, mechanical components and electrical components
In LKS2	measure, mark out, cut and shape materials and components with some accuracy
	assemble, join and combine materials and components with some accuracy
	apply a range of finishing techniques, including those from art and design, with some accuracy
In UKS2	accurately measure, mark out, cut and shape materials and components
	accurately assemble, join and combine materials and components
	accurately apply a range of finishing techniques, including those from art and design
	use techniques that involve a number of steps
	demonstrate resourcefulness when tackling practical problems
