

Year 4 have been learning about the Romans and finding out about the food that they would have eaten. They learnt how to prepare and cook chicken hygienically and safely.

The children also made a healthy potage from fresh and dried vegetables. They really enjoyed practising the skills of peeling, chopping and grating that they had learnt in KS1.

They were also careful to weigh out dried ingredients accurately. The children are confident when using a heat source.

The children are familiar with the use a heat source and are confident and capable when using one.
